

# The Timber Creek

(4 Bed, 3.5 Bath – 3985 sq ft)

“We first experienced ‘The Kevco Difference’ when we noticed all the upgrades that other builders indicated would be an extra charge. For us, we love our front elevation with the Hardie® siding, giving it a modern farmhouse look which is very popular right now. You won’t find that attention to detail in a cookie-cutter home.”  
 -The Pendergraft Family, Kevco Homeowners
